**Re:** Bedbugs in Property Address

Dear Salutation:

This is a notification that we need to order special pest control work for Property Address.

By the 1940's bedbugs had pretty much been eradicated in the United States. However, due to the ban of certain pesticides bedbugs returned a few years ago and are a growing problem. Because of the difficulty in eradicating them, work in a rental property requires a contractor authorized to treat bedbugs. The majority of pest control companies are not set up for this type of work.

Here are the details:

- The treatment needed is describe necessary work
- The estimate we received is \$000; please refer to the vendor's bid enclosed.
- The work is urgent and it is necessary to complete as soon as possible.

We ask that you sign a copy of this letter that is enclosed and return it to use as soon as possible in the self-addressed stamped envelope. If you have any questions, please contact me at 000-000-0000.

Sincerely,

Name  
Property Manager

Enclosures

I, the undersigned property owner, authorize the enclosed bid for eradication of bedbugs.
